

CAPACITY BUILDING TRAINING SPRING 2024

INTRODUCTION

Career Services Office conducted a series of capacity-building training sessions for graduating students across various faculties, including the Faculty of Management and Social Sciences, Faculty of Computing, Faculty of Engineering, Faculty of Health and Life Sciences, and Faculty of Pharmacy. These sessions, held from April 22, 2024, to June 11, 2024, aimed to equip students with critical skills such as resume writing, interview techniques, LinkedIn networking, and work ethics, ensuring they are well-prepared for the job market. A total of 17 training sessions were conducted, featuring distinguished industry experts who shared their insights and practical experiences.

557

Career Services Office in Spring 2024, a total of five hundred and fifty-seven students trained from smooth transition from campus to market.

17 TRAININGS

Overall 17 capacity building training sessions are conducted with graduating batches during Spring 2024.

The training sessions kicked off with Dr. Maria Mashkoo, who delivered comprehensive sessions on April 22, May 24, and May 30, 2024. Dr. Maria addressed graduating students from the faculties of Health and Life Sciences, Computer Sciences, and Software Engineering. Her training covered essential topics including resume writing, interview skills, LinkedIn networking, and work ethics.

Each session saw active participation, with 34, 38, and 45 students attending respectively. The overall feedback from these sessions was highly satisfactory, reflecting Dr. Maria's expertise and engaging teaching style.
