## Career Services Office

**Date:** August 01, 2024

### **Recruitment Drive Report**

Collaboration between Career Services Office and TeReSol

### **Event Overview**

On July 30th, 2024, Career Services Office conducted a successful recruitment drive in collaboration with TeReSol, aimed at graduating students specializing in Electrical, Computer Sciences, and Software Engineering. This event provided an excellent opportunity for students to engage with industry professionals, showcase their projects, and gain valuable interview experience.

### **Participation and Registration**

- Total Students Registered: 47
- Students Appeared for Interview: 34

### **TeReSol Participants**

- M. Ali Sheikh: Senior Manager
- Taimour Khan: Assistant Manager
- M. Arij Kamran: Hardware Design Engineer

### **Event Schedule**

- Project Exhibition: 11:00 AM - 12:45 PM
- Interview Session: 2:00 PM - 4:30 PM

### **Project Exhibition**

The event commenced with the TeReSol team reviewing the projects exhibited by the graduating students from the Faculty of Engineering. The review session, held from 11:00 AM to 12:45 PM, allowed the students to present their innovative projects and receive feedback

from seasoned professionals. This segment highlighted the students' practical skills and creativity, giving them a platform to demonstrate their capabilities beyond academic achievements.

## Interview Session

Following a brief interlude, the interview session started at 2:00 PM and continued until 4:30 PM. During this time, the 34 students who appeared for the interview had the chance to interact one-on-one with the TeReSol representatives. The interview process provided students with practical exposure to real-world interview scenarios, enhancing their confidence and preparedness for future job opportunities.

## Outcomes and Feedback

The recruitment drive was beneficial for both the students and TeReSol. Key outcomes include:

- **Interview Experience:** Students gained firsthand experience in interviewing, learning how to present their skills effectively and respond to technical and HR questions.
- **Future Considerations:** TeReSol expressed interest in considering the participating students for their current and future openings, indicating potential job placements and internships.
- **Industry Feedback:** Students received constructive feedback on their projects and interview performance, which will be valuable for their professional development.

## Conclusion

The recruitment drive on July 30th, 2024, was a significant step towards bridging the gap between academia and industry. The collaboration with TeReSol not only provided immediate opportunities for graduating students but also fostered a stronger relationship between the institution and the industry. Career Services Office looks forward to organizing more such events to support students in their transition to the professional world.
